

WESTERN BIBLE INSTITUTE

Education for Christian Leaders

Since 1993, WBI has been working to strengthen the Kingdom by providing training in Christian leadership. We recently started offering free online leadership training courses in English and Spanish.

If you are interested in studying the Word with us online and growing your Christian leadership skills, please visit our website at <http://www.westernbibleinstitute.com> and apply to study. Courses are available free-of-charge. We only require that you have a personal email account (we'll help you get one if needed) and access to the Internet.

In Christian Love,

William Lambert
Associate Director of English Studies
Western Bible Institute
